- 03/14 Board Meeting
- 03/16 Code Class
- 03/17 LMCC Meeting

2017 ASSOCIATE TRADE SHOW

The Associate Trade Show is approaching and will be here before you know it! The Trade Show is scheduled on May 18, 2017 from 5:00 p.m. to 8:00 p.m. in the downstairs banquet hall of the Electrical Industry Building. The show will be set up in the standard format to allow Associate members participating to have room to custom design their booths. The event will center around the theme of the 2017 NECA Convention in Seattle, Washington.

The invitation list will include estimators, superintendents, foreman, purchasers and lead journeyman from each of our Contractors. The Chapter is also inviting major area architects and engineers. This will allow for demonstration of all of our products at one time to key decision makers in our industry.

All invited guests have a chance to win from an assortment of prizes, all of which will be paid for by our Associate members. A flyer containing each participating vendor's logo will be given to each guest. Upon visiting each vendor booth, the logo must be stamped on the flyer to be qualified for the raffle. This will provide the Associate member the opportunity to talk to each guest and explain the benefits of doing business with their respective company. The Chapter is working on mailers and the invitee list. Any suggestions are welcomed.

Please find attached the form requesting who you would like invitations sent to. Return this form to the Chapter office (lisa@necaohmi.org or fax to 419-666-6080) as soon as possible so invitations may be mailed. If you have any questions, please do not hesitate to contact the Chapter office.

NEW NECA Member

The Chapter would like to welcome Koelsch Electric Co. Inc. to NECA beginning March 1, 2017. The Accredited Member is Dan Koelsch. Please take the opportunity to welcome him to our Association!

Toledo Journeyman License Renewals

The City of Toledo is renewing journeymen licenses and registering Contractor licenses online this year through their new Accela licensing module. The city has extended the renewal deadline until March 31, 2017. The new system has had some problems, but we were told that it is now up and running. Attached is a one page sheet to assist you with navigating in the system for you license renewal. We have a 20 page PowerPoint presentation at the office if you would like a more detailed explanation of the system. Please call Lisa Stichler if you would like a copy.

If you are still unable to renew your license for any reason, please contact the program development specialist, J.T. Schmitt (419) 245-1246. He will assist you with problems in the system. Please consider cutting this out and including it with each employee's paycheck with a note asking them to make sure they have their licenses renewed by March 31, 2017. We have heard that journeymen have tried, were unable to get in and plan to let the City of Toledo come to them for renewal. This will not happen and we need our journeymen licensed.

\$\$\$ ADVERTISING MARKETING STIPEND **INCREASE ** \$\$\$\$

The LMCC has **INCREASED** the marketing stipend to \$1,500.00 for reimbursement of up to half the expenses for advertising for signatory contractors. The previous amount was up to \$1,250.00 per contractor. If the contractor pays less than \$3,000.00, the contractor will only be reimbursed half the cost of the expense. This may be used for any signatory company's advertising such as yellow pages, newspaper ads, magazine ads, development of company flyers to direct mail or delivery, development of company website or other means of direct marketing the within our region.

Contact the Chapter with questions.

2017 OSHA 300A Log

It's that time of year again to have your OSHA 300A logs filled out and posted. They are required to be posted from **February 1st through April 30th**. If you need help in recording your OSHA log, please contact the Chapter office for an instruction manual to assist you in this process. You may call the Industry Safety Director for additional help. Greg Burkhardt (419) 241-3601

Annual PAC Golf Outing

JUNE 23, 2017

The 8th Annual NECA OH/MI Chapter PAC Golf Outing is on June 23 at Brandywine Country Club! Join us for golf, food and beverages while raising money for the NECA OH/MI Chapter PAC Fund.

Mark you calendars. More info to follow

*****Contractor Man-Hours for 2016*****

Attached is the man-hours report for all Signatory and Member Contractors reported for 2016.

Mud Hens tickets invitations will be sent out shortly based on these hours. Please contact the Chapter office with any questions

NORA Healthcare Rate increase 01/01/2018

After reviewing the Plan's financial projections, the Board of Trustees of the NECA/IBEW Family Medical Care Plan (FMCP) determined that a contribution increase of 5 percent is necessary but will not be implemented until January 1, 2018. We are communicating this increase well in advance so that any adjustments that need to be made to collective bargaining agreements can be made during calendar year 2017.

The notice on the increase is attached in this newsletter. Please ensure your estimators are aware of this increase for bidding jobs under NORA.

As always, we wanted you to have this in advance so that you can answer questions that may arise. Should you have any questions, please do not hesitate to contact the FMCP at 301-556-4313.

FirstEnergy Meeting follow up

At the February 16 membership meeting, FirstEnergy presented several things we want to make sure you have. We encourage you to get the material to those in your company who need the information. First, they provide a brochure that is attached with updated contacts along with other useful information. Second, a presentation from customer service was provided with helpful tips on how to quickly navigate the call center to get service. This is also attached.

New large scale territory maps are available by request at the Chapter office. All this information will be very helpful in our day to day work with FirstEnergy.

If you are having problems, please contact Todd Michaelsen and we will work with our contacts to get any issues addressed.

27th Annual May 10, 2017
NW Ohio Safety & Health Day
safetyandhealthday.com

The event is held at Owens Community College. Registration is onsite beginning at 7:30 am in the main entrance of the Audio/Visual Classroom. It is **free** to all participants and you can attend as many or as few sessions as you like. Lunch will be available for purchase from 12:00-1:30pm.

Each year there is a keynote speaker that will discuss various forms of safety awareness; concentrating on safety strategies to prevent accidents and injuries while at work. Additionally, sponsor and vendor booth displays will be available throughout the day allowing for multiple spotlights of new and hot items of interest for attendees to see and touch. Check out the website for details.

Rules and Restrictions

Search Electrical Inspection

Establish or Upgrade Service

Quick Links

- Rules, Guidelines and Restrictions
- Establish or Upgrade Service
- Removal of Electric Facilities
- Search for Electric Inspection Permits
- Information and Guidance for Customer Requirements for Electric Service
- XCPill Recommendations for New Construction or Rebuilding in Designated Flood Zones
- Discontinue Electric Service

Rules, Guidelines and Restrictions

What can be found on the website?

- Transmission easement information
- Online forms for new construction or service upgrades
- Removal of electric service information
- Permit Search
- Customer Guide to Electric Service

Using Our Web/Fax/Email Option

Web Requests:

- After submitting your Web request, an automated response will be generated providing you with a confirmation number---this is **not** your notification number.
- Once completed, an email will be sent to provide the notification number of your work request in about 24 to 48 hours.

Faxed Requests:

- Once the faxed form has been processed, a response will be sent either by email or fax to provide the notification number(s) created for the work requested in about 24 to 48 hours.

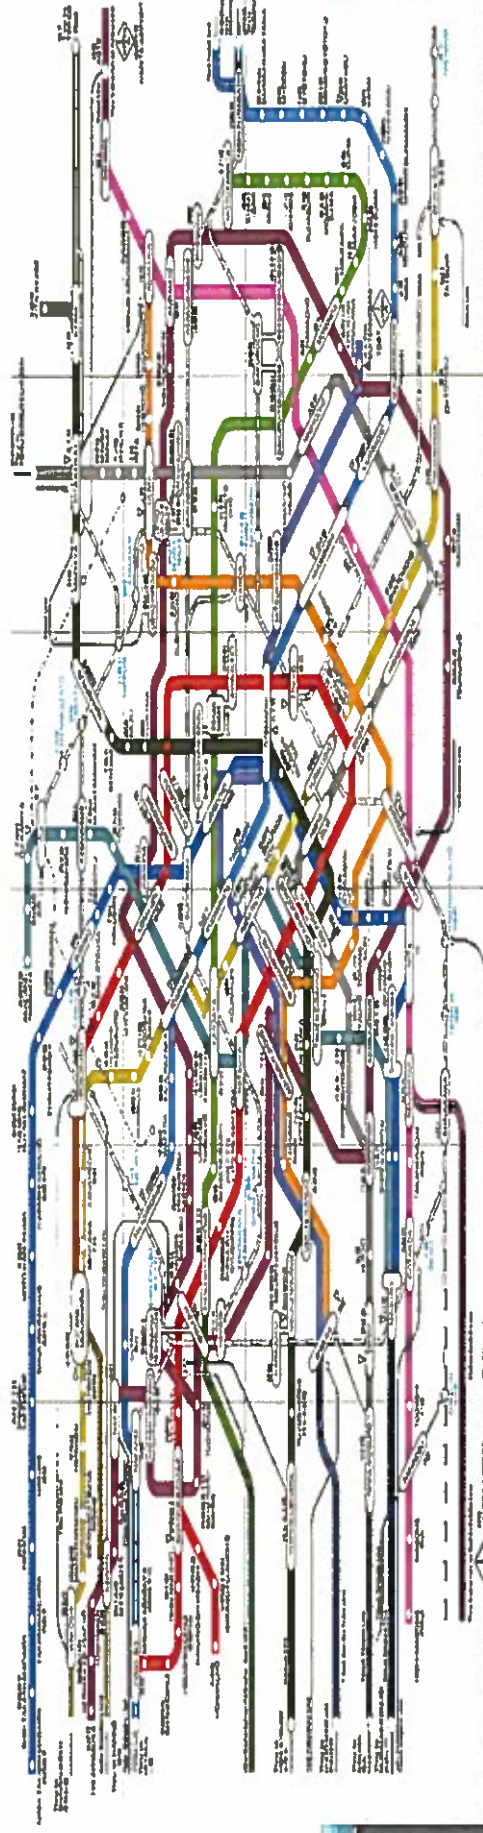

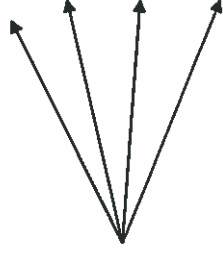

Using Our Phone/IVR Option

FECC FirstEnergy
Contact Center

Introducing the NEW and IMPROVED Natural Language IVR!!

Key Phrases
are
recognized
such as:

- **Upgrade**
- **Electrical Work**
- **New Construction**
- **Removal**

Helpful Information To Have

Helpful Items Needed When Contacting Customer Service

- | | |
|--|----------------------------------|
| • Contact Person Name and Contact Phone Number | • Setback |
| • Billing Name with SSN or Tax ID | • Premise Type |
| • Billing Address | • Amps, Voltage, and Phase |
| • Location Address | • Heat Source and Type |
| • Nearest Cross Street | • Hot Water Heat Source and Type |
| • Connection Type (overhead or underground) | • Cooling Systems (yes/no?) |
| • Square Footage of Structure | • Well Pump (yes/no?) |
- If calling to check on an existing order, please have your notification number on hand

Who Can Call?

State	New Construction	Revamps/Upgrades
OH	• Website – Contractor or Responsible Party • Phone – Responsible Party Only <i>*Builder or Electrician may not put service info into the homeowner's name</i>	• Customer, Electrician, or Builder • Must speak with responsible party for DR requests that result in a move-in
